Dear Bethel ,

I am writing to express my sincere interest in the web design internship opportunities at your company, as recently advertised. I am Tsegay Welu, a dedicated student at Mekelle Institute of Technology, and I am eager to apply my skills and passion for front-end development to contribute to your dynamic and growing IT company.

Throughout my academic journey and personal projects, I have honed my expertise in JavaScript with a focus on front-end technologies, particularly React. My hands-on experience with HTML, CSS, Bootstrap, Tailwind, and React has equipped me to create responsive and user-friendly web applications that align with the latest industry standards.

In addition to my front-end skills, I am actively enhancing my understanding of back-end development using Express.js, ensuring a holistic approach to project development. This proficiency allows me to seamlessly integrate front-end and back-end components, resulting in well-rounded solutions.

My technical expertise extends to working with various databases, including MongoDB, MySQL, and PostgreSQL. I am adept at designing and implementing RESTful APIs, understanding the intricacies of HTTP and HTTPS protocols, as well as the principles of hoisting in JavaScript.

I am excited to bring my technical capabilities to your company and learn from experienced professionals in a real-world setting. Here are some of the projects that showcase my abilities:

> ➤ Node.js Music Application(https://github.com/tsegaywelu/music-player-node-js-web-application)
> ➤ To-Do List System(https://github.com/tsegaywelu/codesoft/tree/TODO-list-project)
> ➤ My Portfolio old version (https://tsegaywelu.github.io/codesoft/)
> ➤ My portfolio new react website(https://github.com/tsegaywelu/my--second-portfolio/)

➤Framenatous React Website(https://github.com/tsegaywelu/framenatos-react-application)
➤Tigray Region Grade 8 Result View System(https://github.com/tsegaywelu/this-is-for-tefalem/tree/latest)
➤My blog website (
https://github.com/tsegaywelu/opensource-blog-project-Tsegay-Welu)

You can explore more of my projects on my github account(https://github.com/tsegaywelu/).

I am also proud to hold a certification as front-end development from indian company codesoft , as documented on my linked in see my certificate. (https://www.linkedin.com/feed/update/urn:li:activity:7131893602380574723/)profile. I did 3 big projects on this company remotely.

I am eager about the prospect of contributing to your company, known for its innovation and commitment to excellence. I am confident that my skills, coupled with my dedication to continuous learning, make me a valuable candidate for your internship program.

Thank you for considering my application. I am confident that I can be a valuable asset to your team. I am available to interview at your convenience and look forward to hearing from you soon.

Sincerely,

Tsegay Welu
